## The Jenkins Discharge.

December 29, 1880.

Your item on Saturday morning  
about Borlase gave general satis-  
faction. The public feel aggrieved  
about the manner the release of  
Jenkins was brought about. Jenkins  
is still a large. It seems to be a  
matter that the county prosecuting  
attorney should look into. The gen-  
eral public is not in sympathy with  
either Jenkins or Borlase, but they  
think there is an error made, as well  
as grievous wrong committed in the  
discharge and justice demands that  
something should "be did."

## Be Ye Like Foolish.

"For ten years my wife was con-  
fined to her bed with such a compli-  
cation of ailments that no doctor  
could tell what was the matter or  
how to cure her, and I used up a small  
fortune in buying stuff. Six months  
ago I saw a U. S. flag with Hop  
Bitters on it, and I thought I would  
buy a bottle to see if it would do  
me any good. I tried it, but  
my wife proved to be wise. Two  
bottles cured her, and she is now as  
well and strong as when she was  
sick, and it only cost me two dollars.  
Be ye like foolish." H. W., Detroit,  
Mich.

## "The Banker's Daughter."

Since the presentation of "Figue"  
was marked with such success, the  
theatre-going public is quite anxious  
to witness the production of "The  
Banker's Daughter," which the  
Home Dramatic Club will give on  
Saturday night. This piece was pur-  
chased at the same time as "Figue,"  
and has been altered in rehearsal with  
the latter play prior to its presenta-  
tion. Those who should know state  
that fully as much excellence may be  
looked for in this as in that which  
has just finished its successful run;  
and while it is not as spirited as  
"Figue," "The Banker's Daughter,"  
enjoys a reputation of being a much  
superior drama to a literary sense,  
and much more noble and heavier.  
The cast is a heavy one, and is as-  
signed to good hands. Of course, the  
Carles Orchestra will again lend its  
charm to the performance, its music  
having become almost inseparable  
with a performance by the club, and  
constituting one of its chief attrac-  
tions.

FOR THE approaching Concerts  
and Balls we announce a fine display  
of Salt Ties and Girls' Kid Gloves, at  
GOLDSMITH & Co.

## Snow Slides.

As persons who know anything  
about snow slides in this section have  
expected, the last two or three days  
have been proofs of snow slides in  
this section. Several occurred on Wed-  
nesday on the Wasatch and Jordan  
Valley Railroad, between Wasatch  
and Alta, blocking the road in  
two or three places and fear-  
ing away considerable of the  
snow sliding over the trans-  
way. The slides have been so bad  
that it will be three or four days be-  
fore passengers can get through. On  
Wednesday the mail was sent through  
on horseback, and the messenger  
narrowly escaped being buried in a  
slide. So far it is not known that  
any fatalities have resulted from  
slides, or that any great damage has  
been done; but they are liable at any  
time in this weather.

## A Surprise.

Christmas days are ones on which  
all persons, old and young, expect to  
be surprised. So thought the servant  
girl in a house in this city. It was  
her intention to surprise not only the  
children of her master and mistress,  
but the latter persons also. Where-  
fore, after all had retired, and the  
Christmas tree decorated out with  
delicacies and valuables, she arose, girl  
on her knees, and called out into  
the room where the Xmas tree held  
converse with the gloom and the articles  
on it. Carefully she stripped the  
tree of every article, candy, jewelry  
and all, and was on the point of de-  
scending, when to her master's mind  
and inquiring eye met hers. She dis-  
gorged and was dismissed with an un-  
usual Christmas benediction. The  
gentleman says he is not in any way  
mean, and as she intended surprising  
him, he concluded to return the com-  
pliment. She was surprised.

## MORE RAILROAD.

The Denver and Pacific Railway  
Company Incorporated.

On Wednesday the articles of incor-  
poration of the Denver and Pacific  
Railway Company were filed with the  
territorial auditor. The corporation is  
organized to run for a period of  
fifty years. Article 3 states that the  
company "is organized to construct,  
equip, own, and operate by steam  
power a railroad from a point at or  
near the City of Ogden, in Weber  
County, Utah, to a point on the  
boundary between Colorado and the  
Territory of Utah, easterly, from a  
point at or near the junction of  
White and Green Rivers, in Utah  
Territory, the general route of said  
road being southerly along the valley  
of Great Salt Lake to some point west  
of passing through the Wasatch range  
of mountains, easterly; thence in an  
easterly direction by the most practi-  
cable route through said range to the  
waters running into the Green River,  
to the point before named, at or near  
the mouth of White River; said road  
being intended to connect with a rail-  
road from Denver City, in Colorado, to  
said point in said Colorado and Utah,  
wherever said point of junction may  
be found to be most feasible and  
eligible. The entire length of said  
route and railroad contemplated,  
being estimated at about 250 miles."  
The capital stock is fixed at \$5-  
000,000, divided into shares of \$100  
par value each; the estimated cost  
of construction, being placed at  
\$15,000,000, in of \$7,500,000, in  
the following persons have been  
made directors: J. R. McBride, M.  
Shaughnessy, E. H. Murray, A. L.  
Thomas, P. H. Lawson. The organ-  
izers and subscribers, with the  
number of shares subscribed by each,  
are as follows: M. Shaughnessy, 2,410  
shares; E. H. Murray, ten shares; A.  
L. Thomas, ten shares; J. R.  
McBride, ten shares; P. H. Lawson,  
ten shares; C. L. Goodrich, ten  
shares; A. N. Hamilton, ten  
shares; R. L. Howard, ten shares; L.  
B. S. Miller, ten shares; O. J. Hil-  
liker, ten shares.

The several counties into, and  
through which the proposed road will  
pass are Weber, Davis, Morgan, Sum-  
mit, Salt Lake, Utah, Wasatch, and  
Uintah.

In the preamble, it is stated that  
M. Shaughnessy has been chosen  
treasurer of the corporation, and that  
into his hands have been paid in  
cash, ten per cent. of the subscriptions,  
by those who have subscribed to the  
road. According to this, but 2,500  
shares of the stock have been sub-  
scribed for, or \$250,000, of which  
ten per cent. would be \$25,000, which  
would therefore be the amount paid  
in cash into the hands of the treasurer.

RECEIVED THIS DAY from the Provo  
Mills, a lot of Blue and Black and  
Red and Black Double Shawls; also a  
few pairs of White Blankets, and Red  
Twill Flannel, at the Agency, Old  
Consolidated Building.

## The Masonic Concert and Ball.

This evening a concert and ball will  
be given at the Theatre for the ben-  
efit of the Masonic Library. The mat-  
ter has long been before the public,  
and the evidence is that the public  
has made up its mind to patronize  
liberally. This can well be done.  
The concert and ball will be well  
worth all the money asked for ad-  
mission, while an admirable and useful  
institution will be added at the same  
time. The programme for the con-  
cert is a very superior one, and will  
draw many who could not be induced  
to go to a ball, and the ball will draw  
many who would not go to the concert.  
That the latter will be good there is  
no doubt, as the names advertised  
guarantee excellence. The whole  
promises to be exceedingly fine—a  
good entertainment and a large at-  
tendance.

Families should give them a  
trial and be convinced. Their Cuts  
are the Best in the Market.

## You Have No Excuse.

Have you any excuse for suffering  
with Dyspepsia or Liver Complaint?  
Is there any reason why you should  
go on from day to day complaining  
with Sour Stomach, Sick Headache,  
Halitosis, Constipation, Palpitation of  
the Heart, Headache, Waterbrash,  
Gnawing and Burning Pains at the  
pit of the Stomach, Yellow Skin,  
Coated Tongue and Disagreeable  
Taste in the Mouth, Coming Up of  
Food after eating, Low Spirits, etc., etc.  
No! It is positively your own fault if  
you do. Go to your Druggist and get  
a Bottle of GREEN'S AUGUST FLOWER.  
For 75 cents your cure is certain, but  
if you doubt this, get a Sample Bottle  
for 10 cents and try it. Two doses  
will relieve you.

## Stabbing Affray.

BLAKE CITY, GREEN RIVER, U. T.,  
December 24th, 1880.

## Editors Herald:

On Tuesday, December 21st, 1880,  
two men, travelers, stopped here,  
named Kirby and Gibson. The  
former was somewhat the worse for  
liquor, went down to the postoffice,  
knew by Thomas Farrer, and their be-  
came disquieted. One of Farrer's  
sons undertook to put him out. He  
resisted, and Gibson turned to help  
him. Kirby was too much for him  
and was getting the start, when Gib-  
son drew his pocket knife and in-  
flicted four severe wounds, which will  
very likely prove fatal. One of the  
stars was in the back, one in the  
fore, one in the left breast and  
one in the bowels. Kirby is at  
present at Farrer's residence  
being taken care of as well as he can  
be. Gibson is still in bed. He says  
he is ready for examination if it is  
required. Kirby seems to be some-  
what better, to day, but his situation  
is very critical. According to Jas.  
Webb's statement Kirby was to  
claim for all the trouble. He had  
become bloodthirsty and was bent on  
making trouble, the consequences  
of which he is paying very dearly  
for.

## City Council.

The following was inadvertently  
omitted from our report of Tuesday's  
meeting of the City Council published  
yesterday:

The committee on streets and al-  
leys to whom was referred the two  
petitions of George Q. Cannon and  
Brigham Young, Trustees of the  
Estate of Brigham Young, deceased,  
asking the council to make appro-  
priations in the respective sums of  
\$300 and \$500 for the purchase of  
certain land belonging to said estate  
and now included in Fruit and Gar-  
den Streets, reported adversely to  
the granting of the prayer of said  
petitioners.

In relation of the petition of Thos.  
John Donkin and 23 others, asking  
for the opening of Twelfth East Street,  
from the east end of First South Street  
to the east end of the top of the  
Second South Street, the committee on  
streets and alleys reported favorably  
and recommended that the Street  
Superintendent attend to the work in the  
due course of business.

## David James.

The changed business notice of Mr.  
David James will be found elsewhere  
this morning. Mr. James is the well  
known plumber, gas fitter and  
tinner of the city, whose place of  
business is on West Temple Street,  
nearly opposite the old meat market.

At this point he carries on an ex-  
tensive business, which is constantly  
increasing, as a result of good work-  
manship, in all his line of business,  
cheap prices, promptness, and  
dependability. He is the agent for the celebrated  
Fire on the Hearth Stove, which,  
while possessing all the necessary  
qualifications for heating parlors,  
halls, etc., better than anything else  
in use, is at the same time the best  
ventilator yet discovered. It is in  
use at the University, at the City  
Council chamber, and in many other  
places, public and private, and is  
growing decidedly in favor. It is  
unnecessary to commend Mr. James  
to the public; he has such an ex-  
cellent reputation that he needs no  
commendation. He will be found  
reliable, prompt, and cheap in all  
things, and guarantees good work.

who can easily be cured and saved by  
Hop Bitters, made of Hops, Buchu,  
Mandrake, Dandelion, etc., which is  
so pure, simple and harmless that the  
most frail woman, weakest invalid or  
unsocial child can trust in them.  
Will you be saved by them? See  
our column.
